Records

Records of Swan Homes

The Archivist responsible for the records of Swan Homes, now held at Swanleigh has advised Find & Connect that: "Most of the Swan Homes records were placed in the original kitchen for storage which is a cellar underneath Brown House. Unfortunately with the ever present damp and storage against external walls, these records were exposed to mould and so were disposed of without a list being created to detail what they were. As a result of this there are few records prior to 1960 remaining, with the exception of some student files from the 1950s."

The Anglican Diocese of Perth Records collection does include the following records:

Student Boarder Files, Swan Homes & Swanleigh (c. 1940 – c.1970)

Student Boarder Files is an archival series held by the Anglican Diocese of Perth. The contents of the earlier files are organised by family rather than by individual student boarder. In later decades, the organisation of files changes to individuals. Files have been sorted into decades via the decade the first child in the family attended Swan Homes or Swanleigh as it became known in November 1957. Swanleigh informed us that “Very few files remain prior to the 1960’s as the earlier files were destroyed by mould having been stored in the cellar and affected by high temperatures and moisture”. Unfortunately this means that records about some individuals may be missing.

This series contains the following records:

- 2012-00020 Student files for residents of the Swan Homes in the decade of the 1940’s (5 files)
- 2012-00021 Student files for residents of the Swan Homes in the decade of the 1950’s.(158 files)
- 2012-00022 Student files for residents of the Swanleigh in the decade of the 1960’s (698 files)
- 2012-00023 Student files for residents of the Swanleigh in the decade of the 1970’s (695 files)
