Details

The Communicare Records relate to the organisation's work with families in the south eastern corridor of Perth. From 1988 to 1991, Communicare organised placements for children in home-based emergency foster care. Around 1991, Communicare transferred all relevant records regarding these placements to what was then the Department for Community Services. When Communicare ceased providing foster care, it provided some information about care givers to Anglicare.

If you believe the Department may hold records about you, or about a family member, you are encouraged to apply.
