Details

South Perth Hospital Maternity Records is a collection of medical records for maternity patients that includes records of the South Perth Community Centre Hospital Inc. Women who were sent there from the Ngal-a Mothercraft Home and Training Centre Inc (Ngala) between 1959 and 1980 may have maternity records at the hospital. Babies who were born to these mothers at the hospital may also have records. The collection includes birth registers, admission and discharge registers, and obstetric records from 1959. The collection is held by the South Perth Hospital Inc.
