Details

This series is an index of fathers of children who have been made State wards. The information in the index includes the father's name, and the admission/file number for the child. Sometimes the child's name and date of birth are also included in the entry. If the father was an Allied or US Serviceman, this is also noted on the index. The cards are arranged by father's name, but if the name of the father is not known they can also be identified by cross-referencing with the child's file number.
