Records Location

These records are held by [Queensland State Archives](#)

Details

This series comprises notebooks and files containing details about drugs administered to children at Warilda. The records contain information such as date, child's name, medication, dose given (in mg), time dose was given, tablets remaining, and signatures of staff.

Earlier records are arranged by the unit children were living in (only notebooks for Kora, Lowanna, Mia Mia, and Nardu are present), and later records are arranged by the drug administered. Some children who were receiving regular medication have their own registration sheets.

Access Conditions

Access to this series is restricted for 100 years in order to protect personal privacy. To apply for access to these records please contact Queensland State Archives.
